Objective

Motivated Computer Science Engineering student skilled in C, C++, Java, JavaScript, SQL, React, and Node.js. Passionate about building scalable applications, solving real-world problems, and continuously learning new technologies while contributing effectively in team environments.

Education

YBN University — **Ranchi, Jharkhand, India**
B.Tech in Computer Science and Engineering (Software Engineering) — *2023–2027*
(Currently Pursuing)

Gyan Bharti Global School — **Gaya, Bihar, India**
Higher Secondary (Class XII) — *2021–2023*
CBSE Board

D P Saraswati Vidya Mandir — **Gaya, Bihar, India**
Secondary (Class X) — *2021*
CBSE Board

Technical Skills

Core CS: Operating Systems, Computer Networks

Programming Languages: C, C++, Java, Python, JavaScript, SQL

Web Technologies: HTML, CSS, MUI, React.js, Next.js, Node.js, Express.js, REST APIs

Databases: MySQL, Microsoft SQL Server (MSSQL), Oracle Database

AI & ML: NumPy, Pandas, Machine Learning Fundamentals

Cloud & DevOps: Docker, Git, GitHub, AWS, Microsoft Azure, Oracle Cloud

Tools: VS Code, Git, GitHub, IntelliJ IDEA, CodeBlocks, Docker, Overleaf, Figma, Jupyter Notebook, Linux

Soft Skills: Problem-Solving, Team Collaboration, Leadership, Effective Communication, Eagerness to Learn

Experience

Eimple Labs — **Remote**
Frontend Developer Intern — *MAY 2025 – Present*

- Developing **WAIWIKI**, an Overleaf-inspired web application with an integrated code editor and real-time document preview.
- Built responsive interfaces using React.js, HTML, CSS, and JavaScript.
- Integrated REST APIs for dynamic data rendering and smooth frontend-backend communication.
- Implemented file management, project organization, and role-based access for Admin and User panels.
- Used Git and GitHub for version control and collaborative development.

Projects

Research on Commonsense Knowledge in Semantic Interpretation (Case Study): Conducted a case study on the use of commonsense reasoning to improve machine learning interpretability and semantic understanding. Focused on resolving ambiguity in noun phrase comprehension and developing more explainable, context-aware AI systems.

Extra-Curricular Activities

- Contributed to organizing university cultural and technical events.
- Passionate about continuous learning and staying updated with industry trends.
